➤ Carr & Ferrell LLP

We are one of Silicon Valley's premier corporate and intellectual property law firms who has counseled hundreds of start-up and early stage companies and closely collaborated with entrepreneurs throughout companies' lifecycles.

We work closely with numerous venture capital firms and private investors and have an extensive network of industry executives and service professionals who can add value to your enterprise.

The Founder Partnership Program provides founding business partners with business, corporate financial, and intellectual property guidance from senior partners at Carr & Ferrell.

➤ Founder Partnership Program

Interested company founders are invited to meet with a Carr & Ferrell corporate partner who will review and provide comments to your business plan. Qualified companies will be invited to apply to the Carr & Ferrell Founder Partnership Program...

➤ Fee Deferral

Upon acceptance into the Carr & Ferrell Founder Partnership Program, you will receive credit for deferred payment of up to \$10,000 of corporate legal services. Payments for the credited legal services will be deferred until your entity receives financing. (If for some reason you do not receive funding, the founders will have no obligation for the fees or legal services provided to the company.) At the time of such financing, Carr & Ferrell will also receive common stock in your entity equal to 1% of the capitalization of the company.

➤ To Apply

Send an executive summary or brief description of your proposed business to:

Barry A. Carr, Carr & Ferrell LLP
Partner & Co-Chair of the Corporate & Securities Practice Group
barry@carrferrell.com

or

Jill E. Fishbein, Carr & Ferrell LLP
Partner & Co-Chair of the Corporate & Securities Practice Group
jfishbein@carrferrell.com

The summary should include brief descriptions of:

- your product or service and the market in which you compete
- the background of your company's founders
- the status of any fund-raising efforts
- whether or not you have any proprietary intellectual property
